

Our Lady of Grace E Safety Messages: Senior (Years 4-6)

Keeping Safe Online

www.esafety.gov.au/media/act-esafe-primary-education-resource

E Safety Tip One

Choose a place at home where you can work, learn and focus.

E Safety Tip Two

Consider resetting your password at regular intervals. If you are gaming on your devices, please ensure you set strong passwords to protect your accounts and only download games from legitimate sites.

E Safety Tip Three

Check with your parents that your family's Anti-Virus software is set to auto update on your device and other home computers.

E Safety Tip Four

Be aware of emails from unexpected sources.

E Safety Tip Five

Be aware of emails from what appear to be legitimate sources (e.g. teachers or other students) asking for security credentials, etc. Always check these requests directly with your parents.
