E Safety Tip Two

Remember to take creative and physical breaks from your online tasks and activities

E Safety Tip Three - *Think about people who you feel you can trust*

There are trustworthy people in our lives that we can rely on for help and support. We respect each other and rely on each other to help us make good decisions.

E Safety Tip Four - *We are careful who we share our personal information with*

Although we have a lot of things in common, each person is special and not exactly like anybody else. We need to be careful who we share our personal information with.

E Safety Tip Five

Always ask an adult before doing anything online and get help from a trusted adult if anything worries me online.
